

All the Other Kids

Las Vegas Mobsquad

Johnie on xbox live
fending off the newbs as he's claimin 'bout a screw.
What's missing from this awesome jive?
is the fact the girl's someone that he never really knew.
He tries to be tough in school
but really he crawls home... as he's crying in his drool.
He calls himself impressive guy
when he dresses like his sister and his ego is a lie.

[Chorus x2:]

All you other kids know that you suck (censored), you better run better run.....cause you are done!
All you other kids know that you suck (censored), you better run better run.....back home to your mother!

Out came these two guys
with their pants to their knees like their begging for a breeze.
They don't seem that shy
when in prison it means that they are looking for guy.
While facing probation
they spend their time tagging on a police station.
They think their so cool
when their half way retarded and their nothing but a tool.

[Chorus x2:]

All you other kids know that you suck (censored), you better run better run.....cause you are done!
All you other kids know that you suck (censored), you better run better run.....back home to your mother!
