Numb

Sia

I saw you cry today
The pain may fill you
I saw you shy away
The pain will not kill you
You made me smile today
You spoke with many voices
We traveled miles today
Shared expressions voiceless
It has to end
Living in your head
Without anything to numb you
Living on the edge
Without anything to numb you
It has to end to begin
Began an end today
Gave and got given
You made a friend today
Kindred soul cracked spirit

It has to end to begin
Living in your head
Without anything to numb you
Living on the edge
Without anything to numb you
It had to end to begin
Living in your head
Without anything to numb you
Living on the edge
Without anything to numb you
Living in your head
Without anything to numb you
Living on the edge
Without anything to numb you
It has begun
