

Falling in Love Again

Joyce Manor

Thanks for showing me around last night
Hope you don't think I don't care
Cause I do, I just don't know if I
Should feel this bad about you
How'd you finish on your birthday
Heard you got a yearbook unprepared
Big dream is up just sleep it off
It comes out to collect it I think you're funny
I like your friends
I like the way they treat you
I've got some money
That we can spend
Not that you're like that I'm falling in love again Thank for showing me around last night
Hope you don't think I don't care
Cause I do, I just don't know if I
Should feel this bad about you
How'd you finish on your birthday
Heard you got a yearbook unprepared
Big dream is up just sleep it off
It comes out to collect it
It comes out to collect it
It comes out to collect it
It comes out to collect it
