

Light It Up (ft. Nyla) (KickRaux & EFF3CTS Remix)

Major Lazer

Stand up like a soldier baby
Yeah, I know you're built like that
Gun it like a holster babe
Shouldn't see you weaken like that Whenever the war is raging
Chasing our crazy dreams
Hoping that the bridge won't cave in
Tonight we'll let it all go free Gimme the thing and let me rock in my Benz
Gimme the thing and let me rock in my Benz
Mash it up and step in my Benz
Gimme the thing and let me rock Gimme the thing and let me rock in my Benz
Gimme the thing and let me rock in my Benz
Mash it up and step in my Benz
Gimme the thing and let me rock Set it ablaze like a candle we lit, hotter
Yeah light it up, set it a
Light it up, light it up
Light it up Fire like a soldier baby
No retreating when I treat that
Never make them hold ya baby
Hot like a fever when I take shots Whenever when the war is raging
Chasing our crazy dreams
Hoping that the bridge won't cave in
Tonight we'll let it all go free Gimme the thing and let me rock in my Benz
Gimme the thing and let me rock in my Benz
Mash it up and step in my Benz
Gimme the thing and let me rock Gimme the thing and let me rock in my Benz
Gimme the thing and let me rock in my Benz
Mash it up and step in my Benz
Gimme the thing and let me rock Set it ablaze like a candle we lit, hotter
Light it up, yeah light it up
Set it ablaze like a candle we lit, hotter
Yeah light it up, light it up
Light it up, light it up
(Light it up, mash it up)
