Break Up Song

Jada

Baby boy gonna see this through
You're the only one imma be with
Been a while and it still feels good
And these shivers, well they ain't leavingThis goes out to anyone who's ever been there
If you in love,
Put your hands up in the airThis ain't one of them break up songs
About a million ways we coulda gone so wrong,
But we still together, and we still strong
This ain't one of them break up songsThis ain't one of them heartbreak tunes,
Where the boy and the girl never make it through
Cuhs you're still with me, and I'm still with youThis ain't one of them break up songs,
break up songs, break up songsAll around people breaking up
Love conditional to the limit
But I ain't talking bout all that stuff
I want you and *we still living*?This shout out (shout out)
For all my peoples who won't let go
Feel me now, turn up all them radios cuzThis ain't one of them break up songs
About a million ways we coulda gone so wrong,
But we still together, and we still strong
This ain't one of them break up songsThis ain't one of them heartbreak tunes,
Where the boy and the girl never make it through
Cuhs you're still with me, and I'm still with youThis ain't one of the breakup songs
Breakup songs, break up songs
This ain't one of the breakup songs
Breakup songs, break up songsThrow your hands up in the air
If you feel what I'm feelin' right now
Throw your hands up in the air
If its 100% no doubt
Throw your hands up in the air
If you feel what I'm feelin' right now
Throw your hands up in the airThis goes out to anyone who's ever been there
If you in love,
Put your hands up in the air cuzThis ain't one of them break up songs
About a million ways we coulda gone so wrong,
But we still together, and we still strong
This ain't one of them break up songsThis ain't one of them heartbreak tunes,
Where the boy and the girl never make it through
Cuhs you're still with me, and I'm still with youThis ain't one them break up songsThis ain't one of them break up songs

About a million ways we coulda gone so wrong,
But we still together, and we still strong
This ain't one of them break up songsThis ain't one of them heartbreak tunes,
Where the boy and the girl never make it through
Cuhs you're still with me, and I'm still with youThis ain't one of them break up songs
Break up songs, break up songs
Break up songs, break up songsThis ain't one of them break up songs
This ain't one of them break up songsThis ain't one of them break up songs
