

I Read It (In the Rolling Stone)

Dion

well i've been shaking down the new style
for a word to use my song
treatin with the new man i need to read my.
man that's too hard
but i know i'm not alone
yeah i know it's true
i read it in the rolling stone
you got .
they got to reckle man new.
they all told me around the sun jet
but tell me i don't will my jeans
you're not too hard
but i know i'm not alone
yeah i know it's true
i read it in the rolling stone
i know the web is got the.
i know i served to go to.
i got to knoe the piece of travel
no with the rock stones know
man it's not too hard
but i know i'm not alone
man i know it's true
i read it in the rolling stone
you know sometimes i just gotta ask myself
what would my man *Robert Plant* do
you know the teach me met the teacher
teach me .
tell me when the change of season
how to save this trouble world
man not too hard
are you know i know it's true
you know i know it's so
i read it in the rolling stone
.and that will fill my knee
i got no key in the boob too
i'll be the last who can read
man that's too hard
but i know i'm not lone
yeah ah, uhh read it in the rolling stone
