

Hopesick

Louis Xiv

I need sleep
I need love
I need fun
I need girls
I need sun
I need hope
I need help
I need dope
I need her
I need it
I can?t run
I can?t sit
I got pain
I got pain
I got pain
Hopesick
Hopesick
Hopesick
Hopesick
A heart flutter
And I shutter
A hand shake
A heart break
I love her
She loves me
But in my mind
But only in my mind
Hopesick
(If it was so hard to hope)
Hopesick
(How come I can?t let you go?)
Hopesick
Hopesick
I need wheels
I need touch
On my toes
On my heels
On my lips
On my head

On the street
I need stuff
I need a heart
I need a break
My skin aches
What does it take?
I need me I need me
It's like I'm hanging from a rope
From a string
From a needle
From a thread
In my head
Hope, hope, hope, hope
Hopesick
(If it was so hard to hope)
(How come I can't let you go?)
Hopesick
Hopesick
If it was so hard to hope
How come I can't let you go?
If it was so hard to hope
How come I can't let you go?
A heart flutter
I shudder
A hand shake
A heart break
Hopesick
Hopesick
Hopesick
Hopesick
It's like I'm hanging
(Hopesick, hopesick)
From a rope
(Hopesick, hopesick)
From a string
Hopesick
Hopesick
Hopesick
