

What's Your Problem

Circle Jerks

Girls hate guys
Things we try
Guys hate girls
Things they say
Behind our backs while we're away Tell me what's your problem?
What's inside of you?
Tell me what's your problem?
What you're gonna do? I got a date
I can't be late
If she don't show up
I'll masturbate Tell me what's your problem?
What's inside of you?
Tell me what's your problem?
What you're gonna do? [Incomprehensible]
Just because of the things we try
Guys hate girls
Things they say
Behind our backs while we're away Tell me what's your problem?
What's inside of you?
Tell me what's your problem?
What you're gonna do?
