

# What's Your Problem

## Circle Jerks

Girls hate guys

Things we try

Guys hate girls

Things they say

Behind our backs while we're away Tell me what's your problem?

What's inside of you?

Tell me what's your problem?

What you're gonna do? I got a date

I can't be late

If she don't show up

I'll masturbate Tell me what's your problem?

What's inside of you?

Tell me what's your problem?

What you're gonna do? [Incomprehensible]

Just because of the things we try

Guys hate girls

Things they say

Behind our backs while we're away Tell me what's your problem?

What's inside of you?

Tell me what's your problem?

What you're gonna do?
