

# All Good

## Fabulous

"Yeah, this album is dedicated  
To all the teachers that told me I'd never amount to nothing  
For all the people that lived above the buildings  
That I was hustling from, that called the police on me  
It's all good, baby baby  
'Cause I went from the negative to the positive  
And it's all "Good times like J.J. and them  
It was G.O.O.D Music like Kanye and them  
It was Goodfellas like Henry and them  
But nowadays good girls, ain't too many of them  
So if you a good girl, let me see your hands  
Let these niggas know, every chance that you can  
If you got that good good  
Shorty, please raise your hand  
She know its all good, she just need a good man  
If you smokin' good-good, nigga pass it to your man  
'Cause when you at your lowest gettin' higher is the plan  
Got somethin' in my cup, feel good to be the man  
And if its good money, tell em' to put it in my hand  
Talking good dudes, good vibes and some good food  
Smokin' good with a playlist full of good grooves  
You know the shit you like to hear, like good news  
A couple Megan Goods came through, made the hood move  
And slow motion for me, she be frontin' like  
Why all this commotion for me  
They talk about her shit, like they doing promotion for it  
But she single, cause they never show devotion for it  
She ain't never act too good for a nigga  
But she losing faith, she don't see no good in these niggas  
She like why I get treated bad, but be good to a nigga  
You do bad, you lose, too bad, good for you nigga  
It was good times like J.J. and them  
It was G.O.O.D Music like Kanye and them  
It was Goodfellas like Henry and them  
But nowadays good girls, ain't too many of them  
So if you a good girl, let me see your hands  
Let these niggas know, every chance that you can  
If you got that good good  
Shorty, please raise your hand  
She know its all good, she just need a good man  
If you smokin' good-good, nigga pass it to your man

'Cause when you at your lowest gettin' higher is the plan  
Got somethin' in my cup, feel good to be the man  
And if its good money, tell em' to put it in my hand  
She went Cee-lo with my Goodie Mob  
Yellin' that I fall better, life is a gamble  
I was good luck for the betters  
Take a risk nigga, you gotta shoot to miss nigga  
Time is golden, like that Rollie on your wrist nigga  
I hate when they gets figures, then disfigured  
And when niggas get salty and thinking that shits sugar  
That's why good goes bad  
That's when niggas who just came home, could go back  
So let's keep the vibe right, keep the energy good  
Them boys would sit you down player, like a injury would  
Then my niggas fuck with me, before the Industry would  
Riding till the wheels fall off and the engine no good  
It was good times like J.J. and them  
It was G.O.O.D Music like Kanye and them  
It was Goodfellas like Henry and them  
But nowadays good girls, ain't too many of them  
So if you a good girl, let me see your hands  
Let these niggas know, every chance that you can  
If you got that good good  
Shorty, please raise your hand  
She know its all good, she just need a good man  
If you smokin' good-good, nigga pass it to your man  
'Cause when you at your lowest gettin' higher is the plan  
Got somethin' in my cup, feel good to be the man  
And if its good money, tell em' to put it in my hand
