

Limousine Driver

James Taylor

Limousine driver
Big cadillac car
Rich and famous
No matter who you are you are
I seen a rock n roll rider
I seen a cinema star
Chorus:
Won't you roll down the road
Roll down the road roll down the
Roll down the road with me
Want you to roll down the road
Roll down the road roll down the
Roll down the road with me
Deep into the night
Blue velvet push
Cut glass crystal
I mean it means so much
Long cool fingeros
Soft tenderloin touch
Chorus
