Luxuria

Dark Fury

There's a secret I've learned
So many lives hold their lessons in turn
Just like a fire consumes what it burns
My desire for her is strong

She comes like a wave
When she dances beneath me she says
If I would only just taste her tonight
Then my fight with the night would be over

And the light seems to bend
When this darkness descends
On my soul
Is it strange I can see
Through the veil
When I loose all control

Show me
When this darkness descends
Please show me
When this darkness descends
Luxuria

Behind what she veils
Its just ten steps to her treasure and grail
I'm now convinced I can't fall and I can't fail
Because my love for her is strong

And the light seems to bend
When this darkness descends
On my soul
Is it strange I can see
Through the veil
When I loose all control

Show me
When this darkness descends
Please show me
When this darkness descends

Luxuria

Open the door
Please open the door
I need to see more

Show me
When this darkness descends
Please show me
When this darkness descends
Luxuria

When this darkness descends
Please show me
When this darkness descends
Please show me
When this darkness descends
When this darkness descends
Luxuria

Open the door
Please open the door
Please open the door
I need to see more
