Game Time

Graf Orlock

[Verse 1 -B.o.B]
Hahaha
Hahaha
You feel it?
Well if youre trying to stop me it dont matter
I got the power of a 40 caliber
Got the flow, got the style, got the stamina
Better call you a police and ambulance
Cuz Im rippin em down tasin em down
Slower than four legged animals
All I need is a blunt of that canibus
And I leap in the air like a catapult
Look way up there its a bird its a plane
No its the savior to change the game
Doin my damn thing
Shootin em up like bam bang pow
Getting a little bit now
Lettin em know to bow down
Yup its b o bizzle and Im letting em know what Im about.[Hook - B.o.B]
They got the cameras on let em know its game time
Strap em up strap em up cuz its game time
Toe to toe
Blow for blow
Now its game time
Yea its game time
Yea its game time
Its game time
Its game time
Its game time
Lettin em know its game time
Its game time
Its game time
Its game time
Lettin em know its game time
