Second To None

Electronic

What you need
Love is satisfaction
Is so unreal
I like the feel
But it goes away
It comes too soon
Life is satisfaction
Me and you
We could be in harmony
Love is satisfaction
There is a place
If we must believe
When people go wrong
Our children will see
The color of us
And what we've become
You think we are first
We're second to none
We're second to none
Why does it take
An eternity
Five seconds late
And I could be free
It's what you need (love is satisfaction)
Me and you (love is satisfaction)
It comes too soon (love is satisfaction)
For me and you
There is a place
If we must believe
When people go wrong
Our children will see
The color of us
And what we've become
You think we are first
We're second to none
We're second to none
