

# One More Thing

L7

I've just had enough  
I'm drowning from too much stuff  
I get scared when the telephone rings  
Someone talking about one more thing One more thing  
Yeah, it's one more thing  
One more thing to put in line  
One more thing to waste my time  
One more thing that I can't take  
One more thing and I'm gonna break You need more, get in line  
Too many things grabbing at my time  
I'll tell you brother, right out flat  
I'm gonna have to throw you back One more thing  
Yeah, you're one more thing  
Yeah, you're one more thing to put in line  
One more thing to waste my time  
One more thing that I can't take  
One more thing and I'm gonna break  
Yeah, you're one more thing  
Yeah, you're one more thing I fix my engine and the tire goes flat  
It's one more thing that I can't have  
Politics messing with my rights  
There's nothing fun to do tonight One more thing  
Yeah, it's one more thing  
Yeah, it's one more thing to put in line  
One more thing to waste my time  
One more thing that I can't take  
One more thing and I'm gonna break Yeah, it's one more thing  
Yeah, it's one more thing  
Yeah, it's one more thing  
Yeah, it's one more thing
