

Over The Madness

Paradise Lost

I've fallen down there once before
I've fallen down there once before
I'm always down there rest assured
I'm always down there rest assured Falling, hands are tied
Anyone else but me
Falling, hands are tied
Anyone else but me Calling out to end disgrace
Calling out for death's embrace
All around seems so obscure
All around seems less than pure Falling, hands are tied
Anyone else but me
Falling, hands are tied
Anyone else but me Getting over the madness
Getting over the strain
Getting over the madness
Getting over the strain Getting over the madness
Getting over the strain
