Beginning of the End

Systematic

So far it's perfect, the clothes you wear
This won't concern you, just hurts a bit(I don't mind you playing God)
Blame you
(I don't mind you playing God)
No trust(I don't mind you playing God)
Came to
(I don't mind you)I know you'll be back again
Time slows, beginning of the endBlack eyes she'll cover, her broken mouth
She won't tell mother, just hurts a bit(I don't mind you playing God)
Blame you
(I don't mind you playing God)
No trust(I don't mind you playing God)
Came to
(I don't mind you)
Your life self destructsI know you'll be back again
Time slows, beginning of the end
I know you'll be back again
Time slows, beginning of the endI know this complicates you now, say your mine, yeahI know you'll be back again
Time slows, beginning of the end
I know you'll be back again
(Again, again, again, and again)
Time slows, beginning of the end
(End)The end
(I don't mind you playing God)
The end
The end
(I don't mind, I don't mind, I don't mind)
The end
