Until the Day I Die

Agnostic Front

Until the day I die!It starts with trust
In only few I do
It starts with us
And all that we've been through
We survived some hard times
But there's so much more ahead
With faith and strong mind
We can finish what we began
What we have is built on
Courage and respect
What we've gained is a bond
A bond you can never neglect
Until the day I die - (Until the day I die)
We'll keep this brotherhood alive
Until the day I die - (Until the day I die)
This brotherhood will stand the test of timeIt started with trust
Amongst the chosen few
It started with us
Together through and through
We battled on the front lines
And some never made it out
We laughed in the good times
Because that's what life's about
You take the good with bad
But always hold your ground
You see who's really there
When you are down and out
Until the day I die - (Until the day I die)
We'll keep this brotherhood alive
Until the day I die - (Until the day I die)
This brotherhood will stand the test of timeUntil the day I die [x2]
This brotherhood will stand the test of time
