

# Roses

Jim Reeves

(Roses roses au au ua)  
Roses, I send you roses  
With all the love their tender blossoming discloses  
Just like my arms  
They'll open wide  
You'll see my heart inside Please dear, embrace the roses  
Until I come to you and when the long day closes  
Our spark of love  
Will burst to flame  
And put the red red roses to shame (Please dear, embrace the roses)  
(Until I come to you and when the long day closes)  
Our spark of love  
Will burst to flame  
And put the red red roses to shame  
(Roses roses au au ua)
