Yes You Are

Brandon Hines

[Intro: JD talking]
What's up baby?
I know some days..I go without making you feel appreciated
And uh..I just wanna let you know that..Everyday you are

[Verse 1: Brandon Hines]
I got a song I wanna sing to my number one fan
Plan to put a ring on it as soon as I can
What I mean is that I dont want you to have to worry about nothing babe (nothing babe)
(Im tryna set it out for my lady)
I know you know I love you but I wanna say it again
Let you know Im down with you girl til the end
But sometimes I feel you think I don't appreciate it
So every song that says "I love you" I wanna dedicate it to my..

[Hook]
Girlfriend wifey my boo you are everything (Yes You Are)
Girlfriend wifey my boo you are everything (Yes You Are)
See I call you my best friend
Whats the definition?
Someone I can talk to
Someone that'll listen
Someone I can share all with
Have a ball with ..
Hate to separate from
Ain't another like this one

[Verse 2: Brandon Hines]
Im well aware that we're a pair that's supposed to be...
This is deeper than love says our astrology
See I'm an Aries and you're a Sagittarius
It reads right here..that you the one that's gonn atake it there with us
Love me, have my baby ride with me..til the end
Hug me .. when I need one and tell me that Im your best friend
So much in common talk to me about everything
(Keep the party jumping, girl I ain't got no complaints!)

[Hook]
Girlfriend wifey my boo you are everything
Girlfriend wifey my boo you are everything

Yes you are (yes you are)
See I call you my best friend
What is the definition?
Someone I can talk to
Someone that'll listen
Someone I can share it all with
Have a ball with ..Hate to separate from...
Ain't another like this one

[Bridge]
If there's somebody out there that you love
You don't think they really know you are about that true love
Call them on the phone turn to em send them a text
Do whatever you got to do
To let them know that its true
(I said)If somebodys out here that you love
You don't think they really know that you about that true love
Call them on the phone turn to em and send them a text
Do whatever you got to do
To let them know that is true

[Hook]
Girlfriend wifey my boo you are everything
Girlfriend wifey my boo you are everything
Yes you are yes you are
See I call you my best friend
What is the definition
Someone I can talk to
Someone that I listen
Someone I can share all with
Have a ball with ..gate to separate from
Ain't another like this one
