

Thin Line (Blue Version Remix)

Jurassic 5

[Chali 2na]

Yo, this is a lesson in friendship

The depths of a kinship

What women and men begin with, and then slip

My pen drips

As I scribble my thoughts on thin strips

Of emotion

A fraction, seduction, attraction

Eruption of passion

Corrupts if a lasted friendship's involved

But love to cross the line

But that's why we built these walls[Chorus: Nelly Furtado]

We been friends for a long time, a very close friend of mine

Love you like you was mine, but respect a thin line

I love you like you was mine, think about you all the time

Very close friend of mine, but respect a thin line[Akil]

Opposite's attract

When the female and male come in contact

Sticky situation in fact

Trying not to let the feelings catch

But there's a thin line between both of y'all

So you respect that

And entertain the idea, but get brought back

To reality, and could you really live with that?

Decision, based on intuition

You love and keep your distance

Hug and kiss in friendship[Marc 7]

An ongoing kinship, we was people to begin with

Disrespect was not intended

But your feelings sparked the sentence

Sometimes you're too intense in your quest to invent

The perfect man, please understand, my rhyme is your repent[Chorus: x2][Soup]

Man, too bad that we became friends first

I'm not an expert on how relationships should work

But, (echos) from the minute it as known

It changed the whole tone on how we spoke on the phone

Yo, it was cool but I felt it wasn't enough

And I was stuck when your moms would pick it up

Over you, all my buddies would swoon

But I felt we were in tune, you let me up in your room. (Damn)
But to me girl, you're still off limits
No matter all the times that I hinted (Yo, what you doing after this?)
Infatuation was authentic, but yo I just pretended
So I wouldn't lose the friendship
Maybe, I should spill all my guts
Or write a letter, then tear it up
Or do a song, just to say what's up
I want, just, a touch[Chorus: x2][Nelly Furtado]
I can't do this anymore
See my heart just spills out when you walk in the door
Friendship turns into lust and this only tip
That I can't comprehend even if I knew it
Can't do justice to these things that I'm feeling
You got someone else, don't want to be caught stealing
Hell if she knew she would never leave us alone
In the room[Chali 2na]
This was a lesson in friendship
I stress in this sentence
Should women and men be friends first?
And then slip?
My pen drips as I scribble my thoughts on thin strips
Of devotion[Akil]
Opposites attract
And best friends make a perfect match
If you only knew that
Once you cross, ain't no turning back
The minute you let him in it and he hit that
That's that[Marc 7]
We was people to begin with, but you was too relentless
Jeopardizing kinship, respect is intended
Resolve is my intent
While we got it in
I'm trying to salvage a friendship[Chorus: x2]
