

Save Me (Live from Washington State)

Shinedown

Well, I got a candle
And I've got a spoon
I live in a hallway
With no doors and no rooms And under a windowsill
They all were found
A touch of concrete within the doorway
Without a sound Someone save me, if you will
And take away all these pills
And please, just save me if you can
From the blasphemy in my wasteland How did I get here
And what went wrong?
Couldn't handle forgiveness
Now, I'm far beyond gone And I can hardly remember
The look of my own eyes
How can I love this a life so dishonest?
It made me compromise Someone save me, if you will
And take away all these pills
And please, just save me if you can
From the blasphemy in my wasteland Jump in the water
Jump in with me
Jump on the alter Lay down with me
The hardest question
To answer is why, why Someone save me, if you will
And take away all these pills
And please, just save me if you can
From the blasphemy in my wasteland Someone save me
Someone save me
Somebody save me
Somebody save me
Please, don't erase me
