

# The Harrowing Adventures of...

## Tokyo Police Club

The harrowing adventures of  
You and I when we were captains of  
Submarines made of steel  
Discovering the seven seas  
Fending off the giants of the deep  
Pendants from hanging teeth  
Your ghost did you wrong  
When he wiped your spit on the tablecloth  
I am here to fight  
And light your blood in the dim moonlight  
Two wrongs making right  
The harrowing adventures of  
You and I before our eyes lay on  
Shadows cast in the night
