

Take Me Away (Sweetbox Hotpants Mix)

Culture Beat

You, there is no one like you
And all the things you do
I want to spend my time with you
I, hope that I am your type
And that we could tonight
Discover what new love is all about
Trying to close my mind of many folks running me wrong
This case won't leave me alone
we've gone working the wack
Trying to trash my stature we won't go
On a tedious to go pull strings
Turbeo want to clip my wings
Through swadies purt to play
Rascals running with teeth quechin' needed so can you...Take me away
Take me to a place where our love must be alone, oh yeah
Take me away
Take me by the hand and control what is going on, oh yea
No matter what we may go through you got to understand
That I want you I need you each day
So take me away
Take me to a place where our love must be alone, oh yeahI, I never was too shy
I really don't know why
Tonight is gonna be alright
Hey, let's try to get away
This love is here to stay
Because you make me feel this way
