

California Christmas

[Jon Robert Quinn](#)

Its cold outside
Wet with rain
And all the boys and girls
Are waiting for that day

They ask Santa
They hope and pray
For the special toys
On that special day

California Christmas
Wet winter night
California Christmas
Our towns filled with light
California Christmas
Families are near
California Christmas
Holiday with Cheer

Its cold outside
Wet with rain
And all the boys and girls
Waited for this day

They asked Santa
Hoped and prayed
For all the special toys
They play with today

California Christmas
Wet winter night
California Christmas
Towns filled with light
California Christmas
Families are near
California Christmas
Holiday with Cheer
