

J'aime ta femme (I Like Your Girl)

The Planet Smashers

Too bad you're her boyfriend
We're friends and I like it that way
But I like, I like your girlfriend
Some things can't be restrained well,
All I can say is
Don't ever screw up I like your girlfriend, I like your girl
I like your girlfriend, I like your girl
I like your girlfriend, I like your girl
I like your girlfriend, I like your girl
Friend, Girl, Friend She looks great in that sweater
And her mother even looks better
Just means that she'll get hotter
When she gets old and older I like your girlfriend, I like your girl
I like your girlfriend, I like your girl
I like your girlfriend, I like your girl
I like your girlfriend, I like your girl
