

# Big Life

## Pat Benatar

You punch your way through a world of good intentions  
People don't matter, all you want to do is win  
And nothin' ever comes too fast for a man of means  
'Cause all you want is everything  
Well, all right  
'Cause you're livin' the big life  
Well, all right  
'Cause you're livin' the big life  
Whoa  
Time finds you in a new green situation  
Your Saviour fair fits you like a second skin  
And nothin' ever comes too fast for a man of means  
'Cause all you want is everything  
Well, all right  
'Cause you're livin' the big life  
Well, all right  
'Cause you're livin' the big life  
Nothing can stop you now  
No one can show you how  
Nothing can touch you now  
  
Well, all right  
'Cause you're livin' the big life  
Well, all right  
'Cause you're livin' the big life  
Nothing can stop you now  
No one can show you how  
And nothing can touch you now  
Well, all right  
'Cause you're livin' the big life  
Well, all right  
'Cause you're livin' the big life, yeah  
Well, all right  
'Cause you're livin' the big life  
Well, all right  
'Cause you're livin' the big life  
Big life  
Big life  
Big life
