

The Pleasure and the Pain

Lenny Kravitz

It's been a while since you came around
I missed you so. You know you broke me down, why
I was ready to give it one more try
Play on While you were gone I tried to mend my heart
But I didn't know even where to start, I
Rather be with you even when we fight I'll take all you offer,
Because it's all the same
The thorn with the flower
The pleasure and the pain
I'll climb up that mountain
Because it's you again
I can't live without it
The pleasure and the pain I love the way that you keep it real
You're not afraid to tell me the deal and
You tell me when I'm wrong, when I'm tripping out
'Cause a man like me, needs a woman who
Who walk the wall and is a warrior too, but
With that comes the truth and there is no doubt That I'll take all you offer,Â
Because it's all the same
The thorn with the flower
The pleasure and the pain
I'll climb all the mountains
Because it's you again
I can't live without it
The pleasure and the pain I think this time we can make it trough
I'm still the me and you're still the you, the
Only difference will be within our minds I'll take all you offer,Â
Because it's all the same
The thorn with the flower
The pleasure and the pain
I'll climb up that mountain
Because it's you again
I can't live without it
The pleasure and the pain I'll take all you offer,Â
Because it's all the same
The thorn with the flower
The pleasure and the pain
I'll climb up that mountain
Because it's you again

I can't live without it
The pleasure and the pain I'll take all you offer, Â
Because it's all the same
The thorn with the flower
The pleasure and the pain
I'll climb up that mountain
Because it's you again
I can't live without it
The pleasure and the pain
