Give Me Your Pain

Venture

Shattered in two
Pieces broken
The memories left wont seem to fade
Lean upon me I will hold you
Scars are hidden
Made to erase
Only time can dry your tears
Let me do this now I need you

Turn around and walk away
Iâ€™ll keep you here and Iâ€™ll keep you safe
Donâ€™t die alone with so much hate
Take my hand, give me your pain
Give me your pain

What you told me
Iâ€™m not believing
How could it happen that way?
Tie these chains, theyâ€™ll never hold me
How could things be
So deceiving
Alone and scared of the world
Free me from this world I need you

Turn around and walk away
Iâ€™ll keep you here and Iâ€™ll keep you safe
Donâ€˜t die alone with so much hate
Take my hand, and give me your pain
Give me your painâ€¦Give it to me

Yeaaaaah,
Give me your pain!

Turn around and walk away
Iâ€™ll keep you here and keep you safe
Your left me here with, so much hate
Take my hand and give me your pain
Give me your painâ€¦give it to me.

Lyrics and Melody by Blake Self
