No Hotel

Lil' Mo

Boy
You must think this is the Holiday Inn
You must think you could always get in
But you, you don't pay no rent here so I'm about to break it down to you
break it down my dear, no
You must think cuz that u lay your hat here gives you a right to be a rolling stone, but
I don't know who told you that becuse baby they told you wrong,

Because it's not like you live here, live here
You just stay from time to time
And even though u can get in, get in, your key aint gonna to work tonight
Cuz u about to get evicted
I hanging up my No Vacancy sign, because u missed check in
This house aint no hotel tonight

You must think this is the Sheraton Suites and you can come and go as you please
You must think that your VIP wait respect the Queen even though I treated you like a King
I don't think you really know what I mean when I say "I'm taking back by keys"
You must not take me seriously
I don't know you told you that but baby take it from me

This is over, it's over, no do overs, no do overs
No more mistakes are left for you to make
And I've got way too many complaints and there's just so much I can take

Because it's not like you live here, live here
You just stay from time to time
And even though you can get in, get in, your key aint gonna to work tonight
Cuz u about to get evicted
I hangin up my No Vacancy sign, because u missed check in
This house aint no hotel tonight

No no ho hotel tel to tonight night, ohh baby
No no ho hotel tel to tonight night, cuz I'm hanging
No no vac Vacancy c sign sign, ohh baby
No no ho hotel tel to tonight night, ohh baby

Because, because its not like you live here, live here
You just stay from time to time
And even though you can get in, get in, your key aint gonna work tonight

cuz u about to get evicted,
I hanging up my No Vacancy sign, because you missed check in
This house ain't no hotel tonight

Because it's not like you, live here
You just stay from time to time
And even though you can get in, get in, your key ain't gonna work tonight
Cuz u about to get evicted,
I hanging up my No Vacancy sign, because you missed check in
This house ain't no hotel tonight

No no ho hotel tel to tonight night, ohh baby
