

Don't (Make Waves)

Gossip

It's like I got a hole in my pocket
Tryin' to keep you satisfied
It's like I got to burn a million bridges
Just to keep you by my sideDon't make waves in the water
'Less you mess around and you'll drown
It's not like I could have stopped her
'Cause a girl can't be tied downAnd I'll say it againIt's like I got a hole in my pocket
Tryin' to keep you satisfied
It's like I got to burn a million bridges
Just to keep you by my sideDon't make waves in the water
'Less you mess around and you'll drown
It's not like I could have stopped her
'Cause a girl can't be tied downAnd I'll say it againDon't make waves in the water
'Less you mess around and you'll drown
It's not like I could have stopped her
'Cause a girl can't be tied downDon't make waves in the water
'Less you mess around and you'll drown
It's not like I could have stopped her
'Cause a girl can't be tied downDon't make waves, no
Don't make waves, no
Don't make waves in the water
Don't make waves in the waterDon't make waves in the water
'Less you mess around and you'll drown
It's not like I could have stopped her
'Cause a girl can't be tied down
