

Havin' a Good Time

[Scott DeCarlo](#)

VERSE

Cinderella put your shoes on
Well be out past midnight
Tell your sisters they can lock the door
Its gonna be one hell of a night
Well be poppin tops, shots and rockin with the radio
Tailgate dancin and postin up the video
Redefining the good time
Crossing boundary every line
Chorus
When were under big city lights and backcountry roads
The good time comes easy
We dont need a Saturday night to throw down
Or for good southern whisky to go down
Just a cool bunch of friends with yall right here
If were lucky we wont burn the place down
Havin a good time
Havin a good time
VERSE
Drinks flowing it wont be long
Til everybodys singing along
String top girls cut up jeans and curls
Dancin in the back of my truck
With their real rough boys making lots of noise
Screaming everybody I wanna rock
Chorus
