

# Bloody Vengeance

## Vulcano

Dark and cold  
So horrible, so terrible  
My bloody vengeance I'll take my vengeance  
For the prince's name and hell's  
Crown I'll take my vengeance  
Your blood, your blood  
Your flaming blood  
In my hand  
I'm an avenger  
A blood-minded avenger  
All for the prince's name and hell  
And fire land Running away from the vile lane  
And you run by the dirty narrow way  
Your terrified steps won't save  
Yourself from the pain  
Your blood, your blood  
Your flaming blood  
In my hand  
Be cursed  
Your destination  
Your flesh, your flesh
