Gear Jammer

George Thorogood & The Destroyers

Running my rig around ninety-five,
Rockin' and rollin' in overdrive
My heart's beating like a jackhammer,
It's the midnight ride for the gear jammerNine long days through twenty-three states,
I gotta see my baby soon you know I just can't wait
The police catch me I'll end up in the slammer,
'Cause the law don't want no gear jammerRunning my rig in a mighty high gear,
I don't care where I go just long as it ain't here
Something gets in my way you know I'm gonna ram it,
Nobody fools around with this gear jammerRunning my rig about ninety-five,
I'm a-rockin' and a-rollin' in overdrive
My heart's beating like a jackhammer,
Don't you get in the way of this gear jammer
