Kindness

Ryan Adams

If you're so kind can you let down your hand?
Can you let down your hand if you're so kind?
If you're so strong can you shelter the weak?
Will you listen as the strangers speak?
Bring them calm?
Kindness don't ask for much but an open mind
Kindness can cure a broken heart
Honey, are you feeling kind?
Do you believe in love?
Do you believe in love?
If you're so kind can you let down your hand?
Will you try and understand when it goes wrong?

Days come and gone and it's been said and been done
I will shelter you with my love and my forgiveness
Kindness don't ask for much but an open mind
Kindness can cure a broken heart
Honey, are you feeling kind?
Do you believe in love?
Do you believe in love?
Kindness don't ask for much but an open mind
Kindness can cure a broken heart
Honey, are you feeling kind?
Do you believe in love?
Do you believe in love?
