Reunion

Paradise Fears

Itâ€™s so damn good to see you,
Howâ€™ve you been?

What kind of car do you drive
How do you feel about the government
Shutting down?
I guess itâ€™s fine.
I guess I'm fine.

And we all look so damn happy,
Even though weâ€™re all so lonely,
And weâ€™re standing close together
Cause we think that itâ€™s the only
Way to feel
Like weâ€™re not alone.
Like weâ€™re not alone.

So we raise our glass,
Pretend weâ€™re fine,
Apologize a million times,
We drink â€˜til we,
Canâ€™t feel ourselves at all.

And maybe then,
Once weâ€™re 10 drinks deep,
Weâ€™ll finally say some things we mean,
Like, â€œoh God,
Iâ€™m so lonely,â€•
But at least I'm not alone.

Alyssaâ€™s getting married,
And Alexa got engaged,
And I think Tylerâ€™s got a ring inside his pocket
Just in case.

I guess some people grow up fast,
I guess some people never change,
I guess some people just become themselves a little more with every day.

And we all look so damn happy,

Even though weâ€™re all so lonely,
And weâ€™re standing close together
Cause we think that itâ€™s the only
Way to feel
Like weâ€™re not alone.
Cause weâ€™re not alone.

So we raise our glass,
Pretend weâ€™re fine,
Apologize a million times,
We drink 'til we,
Canâ€™t feel ourselves at all.

And maybe then,
Once weâ€™re 10 drinks deep,
Weâ€™ll finally say some things we mean,
Like, â€œoh god,
Iâ€™m so lonely,â€•
But at least I'm not alone.

I guess some people grow up fast,
I guess some people never change,
I wonder if in 10 years, will i still be here the same?

I donâ€™t wanna be lonely.
