Cherish This Love

A1

Sorry for making you cry
For turning away as you walk on by
Baby, I need to be strong
And I need to move on with my life
You know it's not that I don't care
So don't make me feel bad, it's not fair
Baby, you know all the reasons
I made my decisions in life
Now a girl's gotta do, what a girl's gotta do
And a boy has to become a man
And I'm sorry for saying but it's love that I need
And the love I just can't get from you
It's funny how things turn around
One day I am lost then I'm found
It happened so fast, I knew it would last
From the first time I first looked in your eyes
Although it's so soon, this I know
I'll never be on my own
Dreams turn to tears, she buries my fears
And I will cherish this love ever more
You know it's not easy to do
Turning my back on me and you
Baby I need someone there
Who will love me and care for my life
Smiles they turned into tears
And all of my dreams they all disappeared
Baby this cannot be right

So, I'll turn down the light on our love
Now a boy's gotta do, what a boy's gotta do
And a girl has to do what she can
And I'm sorry for saying but it's love that I need
And the love I just can't get from you
It's funny how things turn around
One day I am lost then I'm found
It happened so fast, I knew it would last
From the first time I first looked in your eyes
Although it's so soon this I know
I'll never be on my own

Dreams turn to tears, she buries my fears
And I will cherish this love ever more
And everything that could gone wrong
Has gone wrong at some time
Now I can see the light, it was love at first sight
And I'm not gonna let this girl go
It's funny how things turn around
One day I am lost then I'm found
It happened so fast, I knew it would last
From the first time I first looked in your eyes
Although it's so soon this I know
I'll never be on my own
Dreams turn to tears, she buries my fears
And I will cherish this love ever more
Yes, I will with you
