

# 9 To 5

## Smallpools

You tasted tasted the porridge  
Ran before the grizzlies took your life  
But you tried to ignore it  
the end that reads the corners of your mind(Chorus)  
All you said you wanted  
was some time alone to look over the Treaty of Versailles  
but all you really wanted  
was a 9 to 5  
to pay the bills on time You dug from the storage  
a tapestry that could not weave to scale  
Shoes stuck to the mortgage  
Like zebra mussels sticking to the shell(Chorus)  
All you said you wanted  
was some time alone to look over the Treaty of Versailles  
But all you really wanted  
was a 9 to 5  
to pay the bills on time  
(to pay the bills on time) All you said you wanted  
was some time alone to reassess your life  
All you really wanted  
Was a 9 to 5  
To pay the bills on time
