Wavy

Skinny Puppy

Living on and on within a shell of future war destructive home
Over here the air is gone
Sold for songs so FaustianThe shortened seasons now the left
The dream now wicked shadows crack
The scenes left feeling for the poor distressed
The comp: a warThey start a warSo softly changing guns of wavy rainy sounds of radar
So softly changing and you'll find out if this is so awfulSo softly changingSo softly changing guns of wavy rainy sounds of radar
So softly changing and you'll find out if this is so awfulSo softly changing
