Love In Motion

Icehouse

Give you my heart and soul
I give you everything
Put it all in your hands
Now, is it such a sin?Uh huh, 'round again
Taking that back step one more time
Oh no, there she goes
Look at that girl, love in motionI'm gonna follow you
Anywhere you go
And when I make you mine
Won't ever let you goUh huh, 'round again
Taking that back step one more time
Oh no, there she goes
Making it easy feel like dancingUh huh, 'round again
Only one thing gonna change your mind
Oh no, there she goes
Tell you that girl is love in motionWon't ever let you goUh huh, 'round again
Taking that back step one more time
Oh no, there she goes
Making it easy feel like dancingUh huh, 'round again
Only one thing gonna change your mind
Oh no, there she goes
Tell you that girl is love in motion
Love in motionUh huh, 'round again
Taking that back step one more time
Oh no, there she goes
Look at that girl love in motionLove in motion
Love in motion
Uh huh, uh huh
Uh huh love in motion
Uh huh love in motion
Uh huh
Uh huh love in motion
