

# Humble Vibes

## Ooklah the Moc

In light, something's don't work out our way  
Sometimes, with all the truth our words say

In time, Prophecy will be fulfilled  
I know, Jah Jah is all my heart feels  
I feel, Jah Jah is all my mind feels  
I feel, his spirit is guarding my way

My light, gardens spiritually mentally  
Your words depart right up to the end  
I've died, since the time I was a child  
I pray, for blessings each night and day  
I feel, Jah Jah is all my mind feels  
I feel, his spirit is guarding my way

So don't be so quick to judge by the eye  
What I bring is love divine  
So don't be quick to judge by the eye  
Humbleness, you can't go by, oh no

My light, gardens spiritually mentally  
Your words depart right up to the end  
I've died, since the time I was a child  
I pray, for blessings each night and day  
I feel, Jah Jah is all my mind feels  
I feel, his spirit is guarding my way

Jah Jah is all my mind feels  
Jah jah is all my mind feels  
Jah Jah is all my mind feels  
Jah Jah is all my mind feels

Is all I feel  
Jah Jah  
Is all I feel  
Jah Jah
