

Naked

Goo Goo Dolls

Yeah I'm fadin' And I call out No one hears me
Never been, never felt, never thought I'd say a word Weighed down, Say it now You're naked inside your fear
Can't take back all those years
Shots in the dark from empty guns
Never heard by anyone
Never heard by anyone Yeah I'm hiding in the fallout
Now I'm wasted They don't need me, don't want me, don't hear a word I say Weighed down, Say it now You're
naked inside your fear
Can't take back all those years
Shots in the dark from empty guns
Never heard by anyone
Never heard by anyone Inside your head
No one's there
And I don't think I'll ever be
And I don't care You're naked inside your fear
Can't take back all those years
Shots in the dark from empty guns
Never heard by anyone
Never heard by anyone
