Loose Cannon

Sumo Cyco

Your walking suicide
Will make me loose my heart
And loose my mind
My death will be slow
Bleeding out the brain
Oh no, oh noTo be sane or insane
oh oh
When you loose your mind
Where does it go?
It's not my fault I can't contain
This sickness infects everything you know, you knowYou're mental
You're loosing control
You're mental they tell you you know
You're mental with blood on your clothes
So get mental, let loose all controlYou're a loose cannon
You're a loose cannon
Fire with abandon
You're a loose cannon
(oh whoa whoa)
On the loose, on the loose yeah
(oh whoa whoa)
You're a loose cannonLike an automatic gun
You're so dangerous
Spoil all the fun
You'll take all of my pain away
But I won't see another day the same same wayYou've got a hold of my fear
Oh dear
When I know you've got the moves to make me disappear
Like I've been lobotomized
When you look into my eyes
Oh my, don't IYou're a loose cannon
You're a loose cannon
Fire with abandon
You're a loose cannon
(oh whoa whoa)
On the loose, on the loose yeah
(oh whoa whoa)
On the loose, on the looseYou're a loose cannon
You're a loose cannon

Fire with abandon
You're a loose cannon
(oh whoa whoa)
On the loose, on the loose yeah
(oh whoa whoa)
You're a loose cannonAt the edge of the world
Feel the fear running down your spine
Can I ask you if you're crazy or no?
To jump this trackAt the end of the world
At the end of the world
At the end of the worldYou're a loose cannon
You're a loose cannon
Fire with abandon
You're a loose cannon
On the loose, on the loose yeah
On the loose, on the loose
You're a loose cannon
You're a loose cannon
Fire with abandon
You're a loose cannon
(oh whoa whoa)
On the loose, on the loose yeah
(oh whoa whoa)
On the loose, on the loose
You're a loose cannon
You're a loose cannon
Fire with abandon
You're a loose cannon
(oh whoa whoa)
On the loose, on the loose yeah
(oh whoa whoa)
You're a loose cannonOn the loose yeah
You're loose cannon
On the loose yeah
You're loose cannon
On the loose, on the loose yeah
You're a loose cannon
On the loose, on the loose yeah
You're a loose cannon
