"From Now On We Are Enemies"

Fall Out Boy

I just want to be better than your

Your head's only medicine

I just want to be better than your

Your head's only medicineA downward spiral just a pirouette

Getting worse 'til there's nothing left

What good comes of something

When I'm just the ghost of nothing, nothing? And I'm just the man on the balcony Singing "nobody will ever remember me"

Rejoice, rejoice and fall to your kneesLunatic of a God or a God of a lunatic

Oh, their faces are dancing

They're dancing 'til, 'til they can't stand it

A composer but never composed

Singing the symphonies of the overdosed

A composer but never composedSinging "I only want what I can't have"

"I only want what I can't have "Heralded as a king before I had a birthday

With double digits

Fit the crown to my head but I was only a kid

Yeah, I was only a kidHey, I'm just the man on the balcony

Singing "nobody will ever remember me"

Rejoice, rejoice and fall to your kneesOh, lunatic of a God or a God of a lunatic

Oh, their faces are dancing

They're dancing 'til, 'til they can't stand itA composer but never composed

Singing the symphonies of the overdosed

A composer but never composed

Singing "I only want what I can't have"

"I only want what I can't have"

"I only want what I can't have"

"I only want what I can't, I can't have"I just want to be better than your

Your head's only medicine

I just want to be better than your

Your head's only medicineI'm just the man on the balcony

Singing "nobody will ever remember me"

Rejoice, rejoice and fall to your kneesI'm just the man on the balcony

Singing nobody will ever remember me

Rejoice, rejoice and fall to your kneesLunatic of a God or a God of a lunatic?

Oh, their faces are dancing

They're dancing 'til, 'til they can't stand itA composer but never composed

Singing the symphonies of the overdosed

A composer but never composedSinging "I only want what I can't have"

"I only want what I can't have"

"I only want what I can't have"

"I only want what I can't, I can't have"
