

# Paradise

## City And Colour

I'm looking for a way out  
For a place that no one knows  
Please take me away now  
Somewhere that don't feel so cold  
Troubles on my mind  
For restful days I cry

[Chorus]

I'm searching for a paradise  
That I just can't seem to find  
I'm searching for a paradise  
For the time of my life

I'm searching for a paradise  
That I just can't seem to find  
I'm searching for a paradise  
Gonna go where the spirit guides  
All alone

My silhouette is fading  
Past the point of safe return  
Now my body's aching  
There's both ends of the candle burned  
My heart is beating slow  
It's worn me to the bone

(Chorus)

All alone (x4)

I'm searching for a paradise  
That I just can't seem to find  
I'm searching for a paradise  
For the time of my life
