

# Flat World

Shane Harper

Used to live in a world  
Where everything was flat  
Could you imagine that?

All the colors were the same  
White black and a little grey  
Yeah, pretty much the same

And I came from a town  
Where the birds, they never made a sound  
And Rockets never left the ground

Used to live in a world  
Where everything was flat  
Could you imagine, could you imagine, could you imagine that?

Oh oh oh oh oh oh

You're like a rush of blood to my head  
You're like, ice water running down my neck  
You're like hot coals under my feet  
Had my eyes shut I must've, I must've been asleep  
Yeah I must've been asleep

Now the sky is really bright  
Now the water's really clear  
I felt the world leave my feet  
As I drift off into the atmosphere  
Baby you're out of this world  
What are you still doing here  
Cause a girl like you and a guy like me  
You're too good for me, my dear

Oh oh oh oh oh oh...

You're like a rush of blood to my head  
You're like, ice water running down my neck  
You're like hot coals under my feet  
Had my eyes shut I must've, I must've been asleep

Yeah I must've been asleep

Na Na Na Na Na Na Na Na Na Na...

You're like a rush of blood to my head  
You're like, ice water running down my neck  
You're like hot coals under my feet  
Had my eyes shut I must've, I must've been asleep  
Yeah I must've been asleep

Na Na Na Na Na Na Na Na Na Na...

Yeah I must've been asleep

Na Na Na Na Na Na Na Na Na Na...

You're like hot coals under my feet  
Had my eyes shut I must've, I must've been asleep  
Yeah I must've been asleep

Yeah I must've been asleep

Yeah I must've been asleep
