Breaking All The Rules

Charlie Worsham

Well I know
I could be just another stranger
But to you
I guess I'm just another fool
And you swear
You like to live your life in danger
Then you hide
Behind a wall of silly rules
Nobody thinks the way I do
I guess that nobody cares
Your head's so full of things
So set your mind free of them
I'm breaking the rules
Did you know?
That in the truth there's nothing stranger
I suppose
You think, I think I know it all
Nobody hears the things I say
I guess that nobody cares
My head's so full of things
I set my mind free of them
I'm breaking the rules
Breakin' all the rules
Can't you see they're nothing without you?
Empty heads full of fools
Now you see I'm breaking all the rules
Breakin' all the rules
Well I know
That you would love to go to Heaven
But you know
That you're just too afraid to die
And I know
That you would love to know the answers
But to you
The truth is just another lie
Nobody hears the things I say
I guess that nobody cares
My head's so full of things
I set my mind free of them

I'm breaking the rules
Breakin' all the rules
Can't you see they're nothing without you?
Empty heads full of fools
Now you see I'm breaking all the rules
Breakin' all the rules
Breakin' all the rules
(Why don't you tell to them?)
Breakin' all the rules
(Now come on, now come on)
Breakin' all the rules
(Why don't you get it on?)
Breakin' all the rules
(Now come on, now come on)
Breakin' all the rules
(All right)
Breakin' all the rules
(Now come on, now come on)
Breakin' all the rules
(All right now)
Breakin' all the rules
([Incomprehensible])
Breakin' all the rules
(Now come on, now come on)
Breakin' all the rules
(Now let me tell you now)
Breakin' all the rules
(Let's go all crazy)
Breakin' all the rules
(Now come on, now come on)
Yeah!
