Put Up Or Shut Up

Quiet Riot

AlrightShe's got hurricane eyes
And you know what she sees
She's got love in her thighs
And she gives it for freeShe makes a cigarette shake
And don't need no advice
She won't put on the breaks
And you feed her device, yeahShe's gonna tease you up an' down now
Gonna play for keepsI said, "Put up or shut it up now
Put up or shut it up, yeah"She's got hounds on her trail
And they follow her scent
She's the kinda female
That don't need no good senseShe's got a license to thrill
And she shoots from the hip
Takes her power up well
And your passion is sure to dripHere's a package built for speed now
Won't you feel the price?I said, "Put up or shut it up, now
You gotta, gotta put up or shut it up, yeah"Listen, wanna piece of the action
And I don't wanna be cheated, no
Gotta feel the connection
She's turnin' on her feet, yeahOh, here we go
Comin' to getcha, babe
Oh yeahShe's got hurricane eyes
And you know what she sees
She's got love in her thighs
And she gives it away for freeShe's gonna tease you up an' down now
Gonna play for keepsYou gotta put up or shut it up now
I said, "Put up or shut it up now"Why don't you put it up or shut it up?
Why don't you put it up or shut it up?Why don't you put up or shut it up now?
Put it up or shut it up now
