

Don't Break Up

Jean B. Gerbier

Don't break up

My new partner is amazing, except for one thing.
She is always joking about breaking up. It bothers
me, I am not about to ruin my love affair.

Chorus

Don't break up, your sweet loving is the best thing that I ever had.
Na, no, no don't break up.
Don't break up, your sweet loving is the best thing that I ever had.
Don't you break my heart in two
Don't break up, your sweet loving is the best thing that I ever had.
I need your sweet loving
Don't break up, your sweet loving is the best thing that I ever had.
Na, no, no don't break up, don't break up.

Memories of dating her will always be on my mind
at bedtimes. She doesn't have to be afraid
I will reveal the secret of love to her.
