Star Of Wonder

Tori Amos

We three kings are coming again
Bearing gifts from the east, from the east
Some say a star will rise again
In the hearts of humankind
Some say we have been in exile
What we need is solar fire
Star of wonder, star of night
Star of royal beauty
Westward leading, still proceeding
A star 'ceeding, a star of wonder
We bring gold and myrrh for Him
From the east, frankincense from the east
Some say a star will rise again
In the hearts of humankind
Some say we have been in exile
What we need is solar fire
Star of wonder, star of night
Star of royal beauty
Westward leading, still proceeding
A star
Star of wonder, star of night
Star of royal beauty
Westward leading, still proceeding
A star 'ceeding, a star 'ceeding
A star of wonder, of wonder
